CREATIVE WAYS TO PLAY

HOOPS 2

Why not try these fun activities to practice your boccia skills.
PLAYING

**Hoops 2**
Hoops make great targets to aim at. They come in a range of different sizes and can be really good fun to practice with.

**Traffic lights**
Why not try setting them up like traffic lights. Players get three points for landing in the red hoop, two points for the orange hoop and one point for the green hoop.

**Boccia snooker**
If your players like snooker, why not introduce them to Boccia Snooker. You will need seven hoops of different colours. Players get a set number of points for landing a ball in each colour hoop. Players must get a ball in the red (one point) hoop before they can aim at any other colour. They must then go red, then colour, then red, then colour and so on.

**Knockout**
If you are looking for a faster paced game why not fill a hoop with blue balls and give each of your players a red ball. Players aim to knock as many of the blue balls out of the hoop as possible with their shot. You can also play the opposite and place blue balls in front of the hoop and ask players to try and knock them into the hoop.

**WHAT NEXT?**
Why not book a Boccia Leaders Award, find a local club, enter your first competition or purchase some equipment? Visit [www.bocciaengland.org.uk](http://www.bocciaengland.org.uk) for more information.

Join Boccia England for a range of benefits including monthly updates, shop discounts and free club insurance.

[Boccia Boost](http://www.bocciaengland.org.uk/pages/category/clubs) provides a range of support to clubs available online including additional resources and accreditation.
